

Cartridge Filter Housing

120 Design

This leg mounted, free standing housing with domed cover is the ideal choice for all hygienic systems.

The 120 design housing is available in sizes from 3 to 30 cartridges up to 40" long. The 'T' style configuration with dome cover is equipped with a Cast Vee clamp as standard for pressures ranging from 4 - 10 bar.

This leg mounted, free standing housing with domed cover is the ideal choice for all hygienic systems when using Single Open End plug in style cartridges.

The simple lightweight dome allows full and easy access to the cartridges for rapid changeouts and the housings can be dismantled for full cleanowns.

The 120 design housing will accept the full range of IFAB Single Open End industry standard cartridges.
