

Environmental Policy

Through implementation of this policy, IFAB will

Continually improve our environmental performance.

- Develop and maintain environmental management programs with objectives and targets to minimize adverse environmental impacts.
- Comply with all applicable environmental, health, and safety laws, regulations, and other requirements.
- Implement effective pollution prevention and waste minimization programs to reduce, reuse, and recycle materials.
- Ensure that energy and water are used responsibly and conserved through innovative practices and procedures.
- Provide all institute staff with the knowledge and tools needed to meet the goals of this policy and to actively participate in efforts to prevent negative environmental impacts.
- Only perform trade with chemicals according to approved documented register
- Measure progress toward our environmental goals
